BAND WAGON OF THE POLITICAL  
CIRCUS READY TO MOVE

Forty Contracts Now Signed—Personnel of  
the Two Divisions as Thus Far Shown  
by Manager Jones' Record Books.

[The State, 9th.]

One week from tomorrow the senatorial band wagon will start on its parade tour of the State here and the second division band will begin to play in Sumter. The time for the double header campaign to open has almost arrived and General Manager Willie Jones is busy organizing the corps of performers.

The opening of the senatorial campaign here will be a noteworthy one. The meeting will take place in the Columbia theatre and the building will doubtless be filled. One of the chief features will probably be the presence of ladies in the balcony and in the boxes. It is the purpose of County Chairman Gibbs to invite the ladies to attend, for aspirants for senatorial and congressional honors are expected to live up to the great dignity of the positions they seek. A reception committee of leading citizens will be asked to occupy seats upon the stage. Columbia will also entertain the several members of the campaign party in private houses.

In Sumter also, it is said, arrangements are being made to have the opening meeting of the State campaign party a noteworthy one.

The preliminary guns of the campaign on behalf of both divisions of the two ring circles are to be fired at Donald's on Saturday. At this meeting many of the candidates expect to be present and have something to say to voters from five counties.

During the past week the candidates have been busy sending in their pledges and assessments to State Chairman Jones. All of those who expect to run for the senate, so far as known, save John Gary Evans, are now officially in the race. Nineteen candidates for the senate and congress have complied. Others who are certain to be in the races for congress, but who have not yet filed their pledges, are Hon. G. Duncan Belinger in the second and Congressman Jos. T. Johnson in the fourth. Some five or six known candidates for State offices have likewise not yet filed their pledges. Thus far 21 pledges for State offices have been filed. Thus far for all offices 40 candidates have complied. The list to date is as follows:

### TERRELL GEORGIA'S GOVERNOR.

Gets Large Majority Over Both Estell and Guerry—The Other Primary Nomination.

Atlanta, Ga., June 5.—Incomplete returns received tonight from the Democratic primaries held throughout this State today nominate the following ticket for governor and State officials:

Governor—J. M. Terrell.  
Secretary of State—Philip Cook.  
Comptroller General—W. A. Wright.  
State Treasurer—R. E. Park.  
Attorney General—J. C. Hart.  
State School Commissioner—W. B. Merritt.

Commissioner of Agriculture—O. B. Stevens.

Prison Commissioner—Thos. Eason.

Associate Justices of Supreme Court—A. J. Cobb and Samuel Lumpkin.  
United States Senator—A. C. Clay was renominated for the six years.

These candidates were chosen for congress, all candidates receiving renominations except W. T. Hardwick, who won in the Tenth over Congressman Fleming.

First District—R. E. Lester.

Second—J. M. Griggs.

Third—E. B. Lewis.

Fourth—W. C. Adamson.

Fifth—L. F. Livingston.

Sixth—C. L. Bartlett.

Seventh—J. W. Maddox.

Eighth—Wm. Howard.

Ninth—F. C. Tate.

Tenth—D. W. Harwell.

Eleventh—G. W. Brantley.

The result of today's nomination is virtually an election as no other political party in the State will place an opposition ticket in the field. The election of the ticket nominated today will be held in October next. A heavy vote was polled throughout the State and advice received tonight give Terrell a large majority over Estell and Guerry, the two other candidates entered in the gubernatorial race. Terrell carried this (Fulton) County by a safe majority.

Mr. Terrell entered the campaign upon what is known as the local option platform, having as his opponents Hon. Dupont Guerry, an advocate of prohibition, and Col. J. H. Estill, editor of the Savannah Morning News.

Mr. Terrell was formerly State attorney general, which position he resigned in order to enter the campaign.

Gratitude may or may not be a lively expectation of favors to come, but that theory goes far to explain why some folks haven't any.

## PRESIDENT HARTZOG REMAINS AT CLEMSON.

TRUSTEES REFUSE TO ACCEPT HIS  
RESIGNATION

And It Has Been Withdrawn—Board Unanimous in Its Decision—Mistakes Have Been Made but Will Be Corrected.

[Special to the State.]

Clemson College, June 5.—President Henry S. Hartzog is to remain at the head of Clemson college. This was settled today. The trustees of the college met in their annual meeting last night. The first matter taken up was consideration of the resignation of President Hartzog, which was tendered at a special meeting of the board three weeks ago. The board was in session several hours last night and again this morning, and this afternoon the following statement was given out:

### THE BOARD'S STATEMENT.

The Board of trustees of Clemson college with a full realization of the gravity of the issues involved, and a sense of our primary obligation to consider only the interests of this great institution, have given most careful consideration to the resignation of President Hartzog now before us. We have made a careful investigation of all the charges that have been presented, and given a patient hearing to all parties desiring to be heard. It seems to us that these charges are chiefly the result of misunderstanding and have been magnified in the minds of the students to a greater extent than they deserve. We can find nothing against President Hartzog involving moral turpitude. We realize that mistakes have occurred. We propose to remedy them. We have kept in view the absolute necessity of maintaining and preserving discipline in the college, while giving due weight to all that has been urged as to the relations alleged to exist between the president and the corps. We recall the faithful, efficient and satisfactory manner in which President Hartzog has for five years past administered the business interests of the college. Bearing all these facts in mind and with a realizing sense of the grave responsibilities resting upon us. It is the deliberate opinion of the board that the resignation of President Hartzog should not be accepted. Therefore be it

Resolved, That this board respectfully requests and urges President Hartzog to withdraw his resignation and continue his valuable services to the institution.

### UNANIMOUSLY ADOPTED.

When the statement was given out it was stated that it had been unanimously adopted, every member present voting for it. All the members were present except Col. Norris. The sessions of the board at this meeting were held with closed doors and there was no public taking of testimony as at the last meeting. After the decision of the board had been announced, President Hartzog went before them and thanked them for their vindication of him and their expressions of confidence. He said that since it was their desire that he should do so he would withdraw his resignation and remain as the president of the college.

### NO NEED FOR A STATEMENT.

This afternoon President Hartzog was asked by this correspondent if he desired to make any statement for the public. He replied in the negative remarking that he did not feel that there was any occasion for him to make any such statement. He said that he had all along demanded the fullest investigation of his administration of the affairs of the college, and now that the investigation had been held and he had been vindicated and asked to remain the president he naturally felt gratified. He remains at the head of the college and will serve it with the best zeal and devotion as heretofore.

After disposing of the Hartzog matter the trustees took up other routine matters that naturally come before them at their annual meeting. They will probably be in session until Saturday. Two or three of the

younger members of the faculty have resigned, with a view of accepting positions elsewhere, but these resignations would have occurred any way and have no connection with the recent troubles at the college. The commencement exercises begin tomorrow with an address to the students by Senator Money of Mississippi.

### THE "McKINLEY" POSTAL.

The Postoffice Department to Issue a New Design Soon.

The beginning of the next fiscal year for the government will probably see several new faces on the postage stamps in use and a new postal card, to be known officially as the "McKinley" card. These changes are promised by the government within a few weeks now.

The designs for the McKinley postal have been approved and the electrotypes are now being made for the new card. It contains a picture of

McKinley facing to the left and is a profile somewhat similar to that of Washington on the 2 cent stamp. It is said that the portrait of the president is defective in that it has an extraordinary shagginess to the eyebrows and a hint of a troubled expression to the face.

The new postal has a medallion in the upper left hand corner the same as that containing the picture of McKinley, the other medallion containing the figure of an eagle with outstretched claws holding a bundle of arrows and an olive branch.

The present series of stamps has been in use about twelve years, and as it is the intention of the department to make a change in stamps only once in ten years, the officials are making every effort to have the new series one of the best in every respect that has ever been issued. They are also trying to find the picture of a woman for one of the stamps of the new series, and it is said that the portrait of Martha Washington will be the one finally selected.

### NEGROES WANT TO LEAVE.

Petition Congress for an Appropriation of Half a Billion to Assist Them.

Chattanooga, Tenn., May 29.—A petition to Roosevelt, and the congress of the United States asking an appropriation of half a billion dollars to assist the negroes to leave the United States has been prepared by the International Immigration organization of negroes in session here.

The petition cites the long train of abuses to which it is asserted the negro is subjected, among which is a denial of all social and political recognition and violation of his constitutional rights. The leading spirits in the convention are Bishop Turner of Georgia and ex Minister of Liberia Heard.

Sam Jones and Ben Tillman.

In its department of "Questions and Answers," the Laurens Advertiser gets off the following:

If Sam Jones and Ben Tillman were to meet in joint debate, what do you think would be the result?—Anxious Inquirer.

We have been revolving this question for five years, Anxious, and have reached these conclusions: 1. The fire department would be called out. 2. The ex-colonel of the Rough Riders would ask to come into the game. 3. All poker games would adjourn without waiting for the bank to settle. 4. Flying fur and feathers would darken the day. 5. My dear appelt would smile once more. 6. The young king of Spain would leave his bull fights and come. 7. The debaters would untangle, both fresh and ready for more. 8. They would form a partnership and tour the world, repeating the performance and making more money than all the Beaumont gushers together.

One way to get square with people is to get around them.
